

DY Patil School of Humanities and Science

Tennis Cricket Team Selection Criteria

1. Physical Fitness

Players must demonstrate good stamina, agility, and reflexes suitable for short-format matches.

Speed, flexibility, and quick reaction time will be tested.

Basic endurance and coordination drills will be part of the assessment.

2. Technical Skills

Batting: Ability to play ground and aerial shots effectively; timing and shot selection.

Bowling: Accuracy, consistency, and variation (pace/spin control); one girl must be able to bowl at least one over.

Fielding: Catching, throwing accuracy, and movement in the field.

Understanding of game awareness and quick decision-making under pressure.

3. Team Play and Discipline

Cooperation and communication with teammates during gameplay.

Punctuality for practice sessions and matches.

Respect towards officials, teammates, and opponents.

Commitment to represent the college with fairness and sportsmanship.

4. Selection Process

1. Announcement of trials and player registrations.

2. Evaluation of physical fitness and basic cricketing skills.

3. Practice matches to assess game performance and teamwork.

4. Final selection based on performance, attitude, and team contribution.

5. Team Composition

11 main players

2–3 substitutes.

1–2 standby players.
